

Subject: Appeal Against Incorrect Official Remark and Request for Withdrawal of 5-Credit Deduction

Respected Sir,

I respectfully submit this appeal regarding the **Official Remark Notification issued on 13.08.2026**, against my name, resulting in a deduction of **5 credit points**. The notification records the observation as **“Using Mobile Phone During Class / Lab”** and mentions the details as **Day Order: 01, Date: 20.07.2026, Day: Monday, Time: 1:41 PM, Class: Electronic Device Lab**.

I would like to respectfully bring to your kind attention that **I was neither assigned nor handling any Electronic Device Lab on the mentioned date and time**.

As per my **official individual timetable for the Department of Biomedical Engineering for the academic year 2026–2027**, my teaching workload for the semester does not include **Electronic Device Lab**. My assigned subjects are **Diagnostic and Therapeutic Equipment II (2302BM501)** and **Project Work Phase I (2302BM751)**. Therefore, the class/lab mentioned in the remark does not correspond to any class or laboratory assigned to me.

Furthermore, I would like to clarify that:

1. **I do not have Electronic Device Lab as a subject in my workload for the current semester.**
2. **I did not handle Electronic Device Lab on 20.07.2026 at 1:41 PM.**
3. **I did not alter or exchange any of my classes with another department on that day.**
4. I have no teaching assignment or scheduled responsibility corresponding to the **Electronic Device Lab** mentioned in the remark.
5. Therefore, the observation **“Using Mobile Phone During Class / Lab” cannot reasonably be attributed to me**, as I was not the faculty handling the class/lab mentioned in the notification.

The official remark has resulted in a **5-credit-point deduction**, which is a significant impact on my academic/administrative performance record. Since the details recorded in the notification do not correspond with my officially assigned teaching workload, I kindly request that the matter be verified against the **official timetable, workload allocation, department records, and class/lab allocation for the concerned date and time**.

I respectfully request that the monitoring record may also kindly be cross-verified with the concerned department/faculty handling the **Electronic Device Lab on 20.07.2026 at 1:41 PM**, so that the observation is attributed to the appropriate faculty member, if applicable.

In view of the above, I humbly request the Management to:

1. Kindly review the basis of the above Official Remark.
2. Verify the official timetable and workload allocation for 20.07.2026.
3. Verify whether I was assigned or handling the Electronic Device Lab mentioned in the notification.
4. Withdraw the remark from my record if it is found that the observation was incorrectly attributed to me.
5. Restore the deducted 5 credit points accordingly.

I sincerely respect the monitoring and quality-assurance mechanisms of the institution and fully support such measures for maintaining academic discipline. At the same time, I respectfully request that remarks and credit deductions be attributed based on the **correct faculty, class, date, time, and official workload records**.

I am enclosing my **official individual timetable** and the **Official Remark Notification** for verification.

I kindly request your intervention and a fair review of this matter based on the documentary evidence.

Thank you for your kind consideration.

Yours faithfully,

Dr. R. Venkatesan

Associate Professor
