The Academic Director / Respected Management
E.G.S. Pillay Engineering College

Respected Sir,

I respectfully submit this appeal requesting a review of the Official Remark Notification issued against me, resulting in the deduction of 5 credit points.

The remark communicated to me states that "Faculty continuously referred to the book while teaching." However, I respectfully submit that I was not handling the class during the concerned hour, and therefore the observation cannot be attributed to me.

On the concerned date 03.08.2026, I attended the UG Project Coordinators' Meeting convened by the Academic Director, which was an official institutional meeting. Before attending the meeting, I ensured that my academic responsibilities were properly managed by:

- Officially altering my VI Hour III BME class to Mr. Govindaraj (Intern).
- Communicating the class alteration in advance through the Engineering College Official WhatsApp Group as well as the Biomedical Engineering Department Group.
- Attending the meeting on time, as evidenced by my signature in the official attendance register.

Since I was officially deputed to attend the meeting and was not physically present in the classroom, the observation stating that "Faculty continuously referred to the book while teaching" could not have been made against me. If such an observation was recorded during that period, it pertains to the faculty member who handled the altered class and not to me.

I respectfully request that the matter be verified with the enclosed supporting documents, namely:

1. Official meeting notification issued by the Academic Director.
2. Official class alteration communication.
3. Attendance sheet confirming my participation in the meeting.
4. Official Remark Notification.

In light of the above facts, I kindly request that the Official Remark be withdrawn and the deducted 5 credit points be restored.

Thank you for your time and consideration.

Yours faithfully,

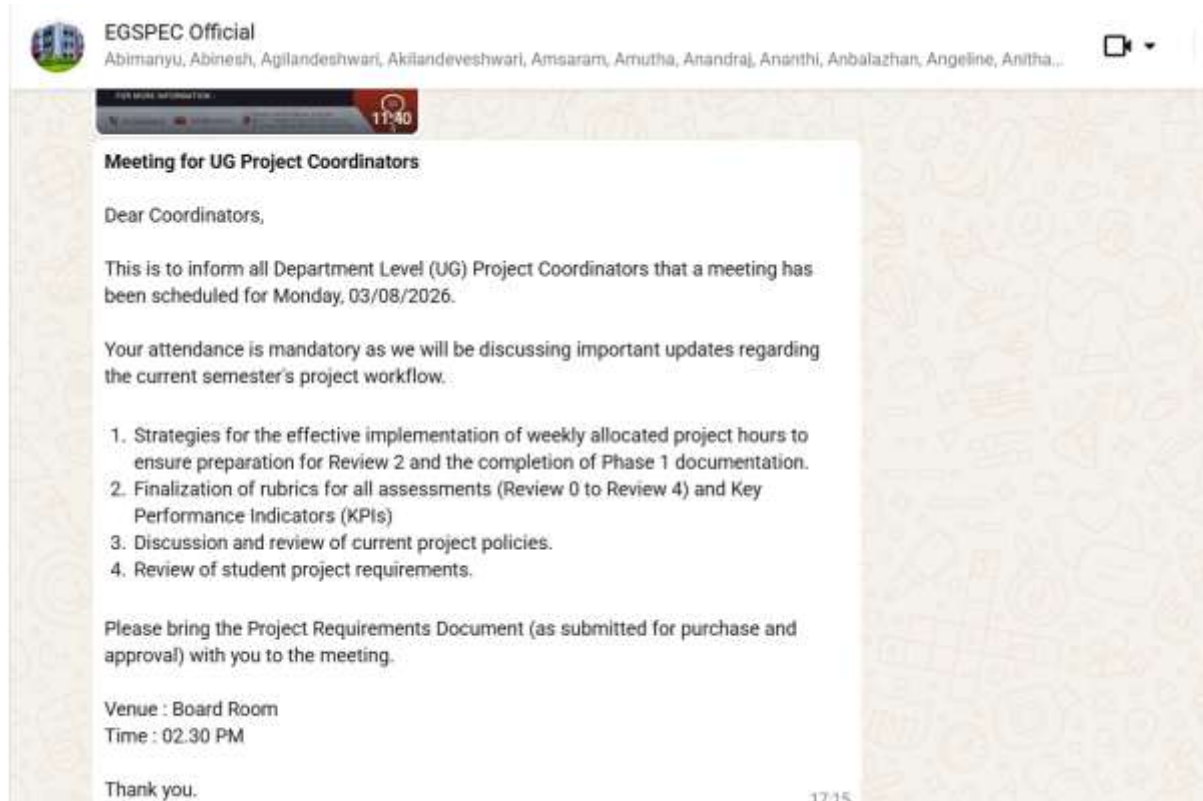

R. Venkatesan
